Re – Recommendation of City Vehicle Contracts

As a dealership, we have been using the services provided by City Vehicle Contracts for a number of years now. In this time, they have carried out hundreds of deliveries, all of which have been handled in a professional and punctual manner.

The administration of the business is efficient; the drivers are courteous and respectful of our customers; and if there are ever any issues, they are handled with due attention and care and resolved promptly.

We would not hesitate at all to recommended this excellent and well-run business to anyone within the motor trade.

Joshua Ruck

Fleet Sales Manager

Sinclair Van Centre, Cardiff
